

Aufgabe 20.2

- a) Skizzieren Sie den Bereich $B = \{(x,y) : 0 \leq x \leq 1, 0 \leq y \leq 3-2x\}$!
b) Berechnen Sie $\iint_B x^2 y \, db$!

Lösung:

b)

$$\begin{aligned} \iint_B x^2 y \, db &= \int_{x=0}^{x=1} \int_{y=0}^{y=3-2x} x^2 y \, dy \, dx = \int_0^1 x^2 \int_0^{3-2x} y \, dy \, dx = \int_0^1 x^2 \left[\frac{y^2}{2} \right]_0^{3-2x} \, dx = \frac{1}{2} \int_0^1 x^2 (3-2x)^2 \, dx \\ &= \frac{1}{2} \int_0^1 (9x^2 - 12x^3 + 4x^4) \, dx = \frac{1}{2} \left(3x^3 - 3x^4 + \frac{4x^5}{5} \right) \Big|_0^1 = \frac{1}{2} \left(3 - 3 + \frac{4}{5} \right) = \underline{\underline{\frac{2}{5}}} \end{aligned}$$
